

# WHEREABOUTS PROCESS - FLOW CHART

- Athletes receive quarterly notification from Sport Integrity Australia (SIA) or FINA (and SA) re: inclusion on RTP (Whereabouts) lists (generally three to four weeks and then again one week prior to due date).
- If Whereabouts are not completed, SA usually (but not always) receives an email from FINA or SIA to follow-up with athletes to ensure compliance.

- Athletes update their Whereabouts on ADAMS by required due dates AND keep their Whereabouts up to date on a daily basis as their plans change. **Athletes must ensure they are at their designated location for their 1-hour testing slot. All athletes should put a daily reminder in their phone 15 minutes before their 1-hour testing slot to prompt them to be at the appropriate location or update Whereabouts if needed.**

What if you can't log onto ADAMS to change your Whereabouts?

**Step 1** – request a new password from the ADAMS website.

Once received, update your Whereabouts immediately and ensure your update has been saved.  
If you don't get an **immediate response**, go to Step 2.
